

## Group Presentations Etiquette

- 1) Each group will have five minutes for set-up.
- 2) Once presentations begin, no one will be admitted to the classroom; if you're late, you have to take an absence for the day; **Do Not Enter The Classroom During a Presentation.**
- 3) No one is to talk during the presentation except those presenting. **Anyone who does talk will be expelled from the classroom, will not be allowed back into the classroom, will take an absence for that day and, if it's their presentation day, they will receive an F on the project and will let their group down. I'm not kidding!!! It's RUDE** not to pay attention and equally **RUDE** to talk when others are (including the instructor).
- 4) You are expected attend class on the days you do not give your presentation and to pay attention to those who are presenting. Anyone who is absent will lose 10 points off their personal presentation grade.
