

South Puget Sound Community College using SMARTHINKING tutoring service

Students enrolled at South Puget Sound Community College now have the SMARTHINKING tutoring service available to them. SMARTHINKING adds to the college's support services by providing online tutoring 24 hours a day, seven days a week.

The service gives students help with their assignments at home whenever they need it. Compatible with any Internet connection, it brings free, one-on-one help to a student's fingertips.

Covered subjects include writing, math classes from basic math to calculus II, accounting, statistics, finance, economics, biology, physics, chemistry and Spanish. Handbooks for writers and ESL students are also available. Additionally, writing from any class can be sent to SMARTHINKING's writing lab for review, and a tutor will provide detailed, personalized feedback.

To get started:

1. Log-on to www.smarthinking.com
2. At the top of the screen enter username: SPSCC + Their 9-digit student id number (e.g. SPSCC123456789)
3. Then enter password: SPSCC

For help with this or with any SMARTHINKING service, e-mail support@smarthinking.com, call 888-430-7429 ext. 1 or visit the Customer Support section of the SMARTHINKING Web site.
